Description :

PDF-d9635 | Deadbeat Dams informs and educates people about how their tax dollars are being used and misused, why we are ignoring some immediate problems, and what can be done to correct this state of affairs. The faults of the present system of federally assisted water management efforts are amply detailed. And a series of specific changes are suggested to re-direct water policy decision-making and implement... *Deadbeat Dams: Why We Should Abolish the U.S. Bureau of Reclamation and Tear Down Glen Canyon Dam*
