Description :

PDF-ef373 | Generations of feminists have linked women's empowerment, autonomy, and oppression to issues involving work. Most conflated women's economic and political clout with gender equity, arguing that increasing women's access to and leadership in the public workplace is crucial to the success of the feminist project. But recent debates about women's continued inability to gain equality in the work... *Getting In Is Not Enough: Women and the Global Workplace (A Feminist Formations Reader)*
