Description :

PDF-e8dc6 | California is obsessed with water. The need for it - to use and profit from it, to control and manipulate it - has shaped Californian history to a remarkable extent. Not surprisingly, the story of Californians and water is filled with intrigue and plot twists. The author tells that story from before the arrival of Europeans to the drought that ushered in the 1990s. He describes the waterscape in i... *The Great Thirst: Californians and Water, 1770s–1990s*
