Description :

PDF-45d2b | Drawing on research from the New England Climate Adaptation Project, “Managing Climate Risks for Coastal Communities” introduces a framework for building local capacity to respond to climate change. The authors maintain that local climate adaptation efforts require collective commitments to risk management, but that many communities are not ready to take on the challenge and urgently need enha... *Managing Climate Risks in Coastal Communities: Strategies for Engagement, Readiness and Adaptation (Anthem Environment and Sustainability)*
