Description :

PDF-561ac | Women are achieving equality in professional service firms by many metrics, but they continue to trail their male counterparts in making it to the very top leadership positions. While the public conversations have largely focused on women's concerns about work-life balance and their hesitation to lean in for opportunities, research demonstrates that the ability to develop business is a greater obs... *One Size Never Fits All: Business Development Strategies Tailored for Women (And Most Men)*
