Description :

PDF-1b659 | Real Estate Valuation is written from the perspective that principles and applications are more important than processes. While detailed solutions are included for a wide variety of appraisal problems, the emphasis is always on the principle, not on how to crunch the numbers through a "formula." The goal is to teach students to think about valuation in a logical, intuitive way, so they can creativ... *Real Estate Valuation: Principles and Applications (The Irwin Series in Finance, Insurance and Real Estate)*
