Description :

PDF-54a74 | Nearly 40% percent of all U.S. businesses are women-owned, and by 2025 the Census Bureau projects it will rise to 55%. The trend is new, dating back just to the 1980s, but its impact is already felt. Not only are women achieving empowerment and bettering their lives in many different ways, but the beneficial affect on the economic well-being of the entire country is also clear.
