Description :

PDF-3934a | School is where therapeutic services for children and adolescents are most commonly delivered. When schools help children to develop their social, coping, and problem-solving skills, the children can readily use these skills in their daily interactions. And, interventions that take place where problems occur are more likely to be successful than those applied elsewhere. As beneficial as school-bas... *School-Centered Interventions: Evidence-Based Strategies for Social, Emotional, and Academic Success (School Psychology)*
