Description :

PDF-3b280 | To succeed in school, students need more than subject area knowledge—they must learn how to learn. Self-regulation, an executive functioning skill, describes the ways that students focus attention on achieving success. Self-regulated learners find personal value in learning, develop effective study habits, welcome challenges, seek help, and use failure as a learning tool. This user-friendly guid... *Self-Regulation in the Classroom: Helping Students Learn How to Learn*
