Description :

PDF-82b04 | Videogame development is usually seen as a male dominated field; even playing videogames is often wrongly viewed as a pastime for men only. But behind the curtain, women have always played myriad important roles in gaming. From programmers to artists, designers to producers, female videogame developers endure not only the pressures of their jobs but also epic levels of harassment and hostility. Je... *Women in Game Development: Breaking the Glass Level-Cap*
